New CSA Format for 2017

Community Supported Agriculture

\$ "CWFFarm Bucks"

Being a shareholder is a powerful way to connect to your local food source and eat healthy fresh wholesome & nutritious food seasonally.

How our CWFFarm Bucks CSA Works

- You purchase CWFFarm Bucks at a discounted price good for that year.
- Just present your CWFFarm Bucks card & you can use anytime throughout the year where ever we are.
- You choose from a variety of high-quality, locally grown, seasonally fresh food at an affordable price. You know where your food comes from, you know who grows it.
- You purchase what you want and how much you want.
- No need to worry while on vacation.

Along with enjoying good food, you:

- Nurture the environment by purchasing from a farm that uses sustainable organic practices which protect natural resources.
 - Support the local economy and preserve open space by keeping agricultural dollars in Ohio and keeping a local farm in business.
 - Your participation in our CSA helps aid in the survival of local agriculture and you are a direct part of the success of the farm.
- This gives local farmers important early season support for seeds, greenhouse or farm supplies, heat, and labor in the production of your food.
- CSA's help connect you with the people who produce your food.
 - Reduce the number of miles your food travels and the amount (by 50%) of fossil fuels used: that conserves energy and promotes local sustainable agriculture.

Farmers are instruments of good health!
